I. INTRODUCTION

Online Services is Latino Community Credit Union's umbrella term given to its various software applications that enable members to view, manage and transact on their accounts electronically. It encompasses all the financial services we offer and make available to you online through our web based "LatinoConnect", and our mobile application "LatinoConnect Mobile App", and any other applications or technologies that may be developed and offered.

The specific services described or mentioned in this Latino Community Credit Union Online Services Agreement ("Agreement") are not a complete list of the services we offer online, and we may at any time remove, change, or add online services. We may also add, delete, revise or update the terms of this Agreement in our sole discretion and without advance notice to you unless such notice is required by law or regulation. Not all services and functions accessible online are available through all the various applications we make available.

THIS AGREEMENT CONTAINS AN ARBITRATION PROVISION IN SECTION VIII, WHICH GOVERNS HOW DISPUTES BETWEEN YOU AND US WILL BE RESOLVED IF A DISPUTE ARISES IN CONNECTION WITH YOUR USE OF ONLINE SERVICES. YOU HAVE THE RIGHT TO OPT OUT OF THE ARBITRATION PROVISION BY NOTIFYING US WITHIN THE TIME PERIOD SPECIFIED IN THAT PROVISION.

A. Consent to Receive Electronic Disclosures

To access and use Online Services through any of our software applications you must first enroll in Online Services through LatinoConnect Web or mobile app version. As a required part of enrollment, you must consent to receiving any and all communications from us, including disclosures required by law or regulation, in electronic form. To provide your consent you must electronically agree to the terms of our E-Sign Agreement. If you do not agree with the terms of the E-Sign Agreement, and you do not provide your consent, you will not be able to enroll in Online Services.

B. Our Agreement with You Concerning Online Services

The Agreement governs the content, functionality, services and your use of Online Services. For purposes of the Agreement, the terms "LCCU," "Credit Union," "we," "us," "our" and "ours" refer to Latino Community Credit Union.

The terms "you," "your" and "yours" refer to each Credit Union account owner, co-owner, co-borrower, and any "authorized user," which term includes but is not limited to authorized signers, authorized representatives, designated agents on a power of attorney, fiduciaries, guardians, trustees, conservators, personal representatives, and any other individuals authorized by you or by law to access your accounts.

This Agreement is entered into between you and us and sets forth the terms, conditions, limitations and responsibilities for use of Online Services. Your enrollment in Online Services, and your continued use of Online Services through any of our existing applications or through any other method we establish, constitutes your ongoing agreement to be bound by the terms of this Agreement, any amendments to this Agreement, and any additional rules we provide to you concerning any current or new services. If you do not agree with the terms and conditions of this Agreement in whole, you must not enroll in Online Services. If you are already enrolled, you must immediately discontinue using Online Services. The functions and limitations of Online Services may be updated without notice to you at the option of the Credit Union in order to provide improved service or increased security to the membership or for any other reason as determined by the Credit Union.

Online Services display screens may contain descriptions of our products and services that are intended to be informative or provide directions for using the services. It is our intent to keep all our screens up -to-date and consistent with the terms in this Agreement. However, in cases where there is a discrepancy between the language on our screens and the language in this Agreement, the language in this Agreement controls.

C. Other Agreements

Your use of Online Services is governed by this Agreement, in addition to any other agreements you have with us concerning the share/deposit accounts and credit accounts you access and/or the services you use online. These agreements, and any incorporated disclosures, include without limitation our Account Rules and Regulations (along with the appended Supplemental

Terms and Conditions for LCCU Visa¹ Debit Cards (or Business Debit Cards), Cash Account Card and HSA Cards), our Visa Credit Cardholder Agreement, our Service Fees and Terms, and any agreements, notes, deeds of trust, and other loan/line of credit documents ("loan documents") you agreed to in connection with any of your credit accounts. All terms, conditions and disclosures set forth in any of these documents that apply to the Credit Union accounts linked to your Online Services access are incorporated in this Agreement. Thus, when you view and execute transactions on your share/deposit and credit accounts using Online Services, you do so under the terms and conditions you consented to when those accounts were opened or as those terms and conditions have subsequently been amended. By signing on to and using Online Services, you are acknowledging and agreeing that you are bound by the terms and conditions of these incorporated agreements as well as by this Agreement.

If provisions of this Agreement conflict with another agreement between you and the Credit Union governing your accounts, or another agreement has terms and conditions not included in this Agreement, then the other agreement will control and take precedence unless this Agreement specifically states otherwise. The other agreement will only control with respect to the account with which it is associated, and only to the extent necessary to resolve the conflict or inconsistency. Additional provisions regarding online services or features that appear in another agreement covering your applicable account, but not in this Agreement, will also apply.

D. Terms of Use

This Agreement also incorporates the terms and conditions set forth in the Terms of Use for our online website and social media accounts, a link to which is available in the Legal section near the bottom of our home page, and, if applicable, any end-user licensing agreement governing access to or use of our Mobile App.

E. Restrictions on Age of User

Online Services are not designed or meant for individuals under 13 years of age. By using Online Services, you are affirming that you are at least 13 years old. A legal guardian or tutor may allow online access to the under 13 years old under their own risk.

F. Definitions of Terms Used in This Agreement

"Access device," as the term is defined in federal Regulation E, means a card, code or other means of access to a consumer's account, or any combination thereof, that may be used by the consumer to initiate electronic fund transfers to or from a consumer account. For purposes of this Agreement, access devices include debit cards, security credentials such as User IDs and passwords, personal identification numbers (PINs), and biometric information.

"Account(s)" refers to any Credit Union member share and deposit accounts, including share, share term certificate, money market share and checking accounts, as well as any credit accounts, including personal loans and lines of credit, credit cards, home equity loans and lines of credit and mortgage loans.

"Account owner" is anyone who has ownership rights in a Credit Union account. This includes each owner holding a joint account.

"Agreement" refers to this entire agreement and any other Credit Union agreements and disclosures that are incorporated herein, and which contain the terms and conditions for use of Online Services.

"Application" is a specialized software program that is written for a specific operating system and performs a specific function. In this Agreement, the term "application" generally refers to any of the software applications you utilize to sign on to and use Online Services. These applications include, and are commonly referred to as, LatinoConnect, and LatinoConnect Mobile App.

"Authorized users" include authorized representatives, , agents designated on your power of attorney, , guardians, trustees, Responsible Individual, custodians, representative payees, any other individual with authority to act on your online account, and any other individuals whom you have authorized to access your accounts online.. Individuals can also establish their own Online Services access to most of your accounts on which they are an authorized user. Authorized users on credit card accounts do not automatically have all the same rights as authorized users under this Agreement **"Balance"** refers to the funds in a member's account. The Credit Union has specific definitions for each of the various types of balances referenced in this Agreement. These

¹ Visa is a registered trademark of Visa International Service Association and used under license.

balances, which include “beginning balance/ending balance,” “available balance,” “current balance,” and “overdraft / funds transfer balance” are defined in our Account Rules and Regulations.

“Biometric authentication” is a security process that relies on the unique biological characteristics of an individual to verify identity. It involves biological input, or the scanning or analysis of some part of the body. Various aspects of human physiology, such as fingerprints, face recognition, and iris recognition, can be used for biometric identification. LCCU does not control the functionality of your mobile device’s biometric authentication for any purpose and does not have access to any biometric information stored on your device. If your mobile device supports biometric authentication and you have biometrics enabled on the device, you understand and agree that our LatinoConnect Mobile App will allow any person with biometric authentication access rights to your device to sign on to our LatinoConnect Mobile App through your device’s biometric identification of that person and access your accounts.

“Business days” are Monday through Friday, except days on which the Credit Union is not processing in observance of holidays. Business days end at the close of business hours (i.e., when business hours end each day).

“Business hours” generally end at 5:30 p.m. Eastern time. Transactions occurring after this time may be included in the next business day (e.g., an online transaction made at 6:00 p.m. on Monday the 5th will generally be included in the business day of Tuesday the 6th; an online transaction made on Friday the 9th at 8:00 p.m. will generally be included in the business day of Monday the 12th). The Credit Union maintains the clock used to determine the time that a transaction has been requested and processed.

“Communications” refers to any disclosures, messages, statements, applications, documents, policies, forms, notices, records, instructions, agreements, or other information we provide to you or that you sign, complete, agree to, or submit to us at our request.

“Debit card” means any of your LCCU Visa® debit cards such as Cash cards, which are linked to your accounts.

“Electronic transfers” is any transfer of funds initiated through an electronic terminal, telephone, computer (including online transfers) or magnetic tape for the purpose of ordering, instructing, or authorizing a financial institution to debit or credit a consumer’s account. It includes online transfers, point-of-sale transfers, ATM transfers, direct deposits or withdrawals of funds, telephone transfers, transfers resulting from debit card transactions, and electronic transfers where a check or draft is used as a source of information to initiate an electronic fund transfer from a consumer’s account.

“Financial services” are services that give members the ability, among other things, to apply for and open deposit/share and credit accounts, update personal information, review account balances and prior transactions, and initiate account activity such as making deposits, withdrawing and transferring funds, and making payments. **“Include,” “including,” “such as,” “for example” and “for instance”** indicates a list that is providing examples. The list that follows the term is not meant to be exclusive or complete, but to give you an idea of the types of items that might pertain to the relevant section. The items on the list are not the only possible items that could appear on the list.

“Item” includes all orders and instructions for the payment, transfer, or withdrawal of funds from your account; for example, a check, draft, image, substitute check, everyday non-recurring debit card transaction, recurring debit card transaction, ACH transaction, ATM transaction, preauthorized payment, automatic transfer, telephone-initiated transfer, online transfer including a BillPay transaction, withdrawal slip, and an in-person payment, transfer and withdrawal instruction. A previously presented debit or withdrawal is considered a new item if presented for payment again, and therefore may be subject to a fee as a new item.

“Linked accounts” refer to share/deposit and credit accounts that are accessible to you for online inquiries and transactions through your access to Online Services.

“Members” are individuals who share a common bond and have an ownership interest in the Credit Union by virtue of holding shares in a Credit Union share account. To be eligible for membership and to open Credit Union accounts, individuals must fall within our “field of membership” by joining Latino Community Development Center (LCDC).

Details are available on our website.

“LatinoConnect Mobile App” refers to the Credit Union’s mobile application, which can be downloaded and installed through Google Play and App Store on a mobile device and enables members to access and use Online Services remotely.

“Remote Deposit Capture” refers to our Mobile App service that allows you to deposit checks remotely by capturing photos of the fronts and backs of the checks using a camera-ready mobile device and delivering the images and associated deposit information to the Credit Union electronically.

“Mobile device” refers to a tablet, cellular phone or other hand-held or portable electronic device that may be used to receive Alerts, and use Two-Way Text Messaging and to connect to Online Services through Mobile Access or our Mobile App

“NSF” is an acronym for non-sufficient funds.

“LatinoConnect” is our web-based software application available on the Credit Union’s website, which is used by members and their authorized users to sign on to Online Services from their computers.

“Online Services” is the umbrella term used for the Credit Union’s online banking applications that provide members and their authorized users access to the financial services the Credit Union makes available online through our website, our Mobile App, or through any other electronic technologies that may be developed and offered. **“Your Online Services access”** refers to your individual connection to Online Services, which requires use of your unique security credentials.

“Payable-through drafts” are items issued against the payor, and the payor has a period of time to honor or refuse payment.

“Preauthorized electronic fund transfer” is a term defined in federal Regulation E to mean an electronic fund transfer you authorize in advance to recur at substantially regular intervals (at least once every 60 days).

“Remotely created checks” are checks that do not bear the signature of the person on whose account the checks are drawn (the “maker”) and are not created by or on behalf of the paying bank. Remotely created checks are often created by the payee or its service provider on behalf of the maker who authorizes the creation of the check by telephone or other means.

“Scheduled unavailability time” refers to the time each day during which access to Online Services may be unavailable. This time period (from approximately 2 a.m. to 3 a.m. Eastern time), which is scheduled for processing, can be longer or shorter at our discretion.

“Security credentials” refers to any User ID, password, personal identification number (PIN), biometric authentication such as fingerprint recognition, responses to security questions, one-time passcodes, and any other information or mechanisms used alone or in combination to identify you and allow you access to Online Services.

“Sight drafts” are items payable only upon the meeting of specified terms.

“SMS (short message service) short code” is a 5- or 6-digit phone number used to send text messages. Short codes are designed to be easier to read and remember than telephone numbers and are usually associated with automated services.

“Substitute checks” are paper reproductions of the front and back of original paper checks which, if they meet the requirements of federal Regulation CC, are the legal equivalent of the original checks they represent. Substitute checks are also called IRDs (“Image Replacement Documents”).

“Member Service Center” is the Credit Union’s service established for its members that receives and responds to member questions about their accounts. You can contact our Member Service Center by telephone, Monday through Friday from 9:00 a.m. to 6:00 p.m., or by sending a secure message through the Message Center through LatinoConnect via website or mobile app.

II. HARDWARE/SOFTWARE REQUIREMENTS

A. Access Through Our Website

To access and use Online Services through one of our website applications, you must have:

- access to a computer or other electronic device that can connect online to our website;
- an active email address and/or mobile phone number;
- a current version of an Internet browser we support (such as Google Chrome®,² Mozilla® Firefox®, Microsoft Edge®, or Apple Safari®); and
- software that is capable of receiving, accessing, and displaying communications received from us in electronic format (e.g., HTML, PDF) such as Adobe Acrobat Reader®.

B. Access Through Our Mobile App

To access and use the online services available through our Mobile App, you must:

- have a mobile device running on the latest version of either Apple iOS or Android™ OS; and
- download the latest version of our Mobile App, which is available through the Apple App Store® or Google Play®.

The appearance of information displayed on our Online Services screens designed for mobile devices, as well as some functionality, may vary depending on your particular device, whether you are accessing the site via our website or through our App, and factors such as screen size, browser, browser version, etc. Due to the number of different types of mobile devices, the Credit Union cannot assure that all mobile devices will be compatible with our Mobile App. Specifically, our Mobile App may not function on older mobile devices and/or those using older operating systems.

III. PRIVACY AND SECURITY

A. Security of Online Services

The Credit Union is committed to online technology and continues to monitor and improve our Online Services software applications so that you can use Online Services to access your Credit Union accounts safely and securely.

For instance, the data passed from our internal servers to your computer or mobile device is encrypted. Encryption mitigates the risk of data being intercepted and/or viewed by unauthorized third parties. The Credit Union tests its firewalls by an independent third party to ensure reasonable precautions have been implemented to prevent unauthorized access. Each user session is limited to a specific length of idle time after which the session automatically times out, reducing the window of opportunity for someone without authority to access your account information should you inadvertently leave your computer or mobile device without first signing off.

B. Security Credentials and Other Security Procedures

You will need to establish a unique User ID, password and other “security credentials” when you enroll in Online Services, and your security credentials will be used to authenticate your identity each subsequent time you sign on. We advise you to create security credentials that you can remember easily but would be difficult for another person to guess. We strongly advise you not to use personal data such as telephone number, social security number, employee identification number, date of birth, or family names for either your User ID or password, and you should periodically update your security credentials.

The User ID and password you select must meet our standards. We will make you aware of these standards whenever you create or change your User ID and/or password. We may also, from time to time, and depending on how you sign on to Online Services, change our standards for some or all of your security credentials. On occasion, we may require that you change your security credentials, or require you to establish additional security credentials, to meet our new standards. We are not required to give you advance notice when we require you to update your security credentials.

C. Your Responsibilities for Safeguarding Your Online Services Access

The Credit Union has implemented numerous mechanisms to enhance the security of your personal and account information available online. However, you also play a critical role in protecting the security of your accounts. You are responsible for keeping your security credentials safe and out of the hands of unauthorized users. We recommend that you establish unique security

² The third-party owners of the trademarked terms in this Section II are listed in our Terms of Use, a link to which can be found under the “Legal” tab at the bottom of our website home page.

credentials only for signing on to Online Services, memorize them or keep any written record of them in a safe place, and change your password regularly. **No representative of the Credit Union will ever ask you for your password to access Online Services in any type of communication including email, text message or telephone.** However, we may ask you for account-related information or to authenticate your identity.

You are the key to maintaining the confidentiality of your accounts. Because your security credentials are the principal security measures used to protect access to your accounts, it is important that you safeguard them. By enrolling in Online Services, you agree to protect and keep secure your security credentials and access devices in order to prevent unauthorized account access and/or transactions. You further agree that you will not give or otherwise make your security credentials available to any unauthorized parties. However, if you willingly disclose your security credentials to another person (or other third party), or otherwise give another person access to your accounts via Online Services, you are giving that person authority to access your accounts via Online Services even if that person exceeds your authorization. If you authorize other persons to use your security credentials in any manner, your authorization is considered unlimited in amount and manner until you have notified us in writing that you have revoked the authorization, and you are responsible for any transactions made by any such persons until you notify us in writing that transfers by that person are no longer authorized and we have a reasonable opportunity to act upon your notification. All access to Online Services through your security credentials will be deemed to be authorized by you, and any actions taken through such access will be binding upon you unless such liability is prohibited by law or regulation.

Exercise extreme caution when using third-party financial data aggregation, personal finance applications or computer-based programs for managing your money, budgeting, or receiving financial planning advice. While companies offering such applications and programs may be legitimate, providing some or all of your Online Services security credentials, account numbers and/or other personal confidential information when you sign up for these services means this information is now available in more places and is potentially susceptible to acquisition by fraudsters who will then have access to your accounts. The Credit Union's various security systems may prevent such applications and programs from accessing your accounts through Online Services. These third-party entities have their own privacy policies, which should be reviewed in detail. **Unless required by law or regulation, we will not be liable for any access to or activity on your accounts that you did not intend, but which are a result of your providing your security credentials, account numbers or other personal information to a third party.**

You agree not to leave your computer or mobile device unattended while you are signed on to Online Services, and to sign off immediately at the completion of each access by you. If you believe someone may have obtained unauthorized access to your accounts through Online Services using your security credentials or otherwise, or if you have mistakenly or inadvertently made your security credentials available to someone you do not wish to have online access to your accounts, or if you suspect fraud or any unauthorized access to or activity on your accounts, you agree to CONTACT US IMMEDIATELY. In addition, if the computer or mobile device you were using to access Online Services has been lost, stolen or compromised, you agree to change your security credentials immediately. We may revoke your access to Online Services if any unauthorized account access and/or account transactions occur as an actual or apparent result of your negligence in safeguarding your security credentials.

Unless required by law or regulation, we will not be liable to you for any unauthorized use that arises from your inability to keep your security credentials confidential and undiscoverable. If you believe that someone has discovered one or more of your security credentials, change your password and CONTACT US IMMEDIATELY so we may address any unauthorized activity that may have occurred on your linked accounts. Also, inform us immediately if you believe your debit card(s) have been lost or stolen.

In summary, to mitigate the risk of unauthorized access to your accounts via Online Services:

- Establish strong security credentials and never share them with any individual or entity.
- Change your password on a regular basis, and immediately if you believe it may have been compromised.
- Never leave your computer or mobile device unattended during an active online session.
- Sign off immediately upon finishing your online session.
- Clear your browser's cache (also called temporary internet files) after signing off from Online Services.
- Use an up-to-date browser.
- Maintain suitable firewall, anti-virus and other anti-malware software on your computer or mobile device and keep it up to date.
- Do not use unsecured Wi-Fi networks or public workstations to access Online Services.

D. Malicious Software (Malware)

Malware is software intentionally designed to cause damage to a computer after it is implanted or introduced. It includes computer viruses, worms, Trojan horses, ransomware, spyware, and other bugs. While we strive to prevent Online Services from becoming compromised by malware, we cannot guarantee that you will not come into contact with malware while accessing Online Services, and you agree that we are not responsible for any electronic virus or other type of malware you may encounter accessing Online Services.

We strongly recommend that you install and maintain anti-virus software on your personal computer and routinely scan your computer to detect and remove any viruses and other malware found. Undetected and unrepaired, malware may corrupt and destroy your programs, files and even your hardware. We make no warranties regarding malware of any type, and you agree that we will not be liable for any losses to you caused by malware on your computer or mobile device regardless of its origin.

E. Information We Collect

When you interact with us at any of our websites, through any of our mobile applications, or with our applications on third-party websites, we or our service providers collect certain information about you and the computer or mobile device you are using (“cookies”) for security purposes and to provide you with an improved online experience. By accessing Online Services, you agree to the placement of cookies on your computer or mobile device. By not allowing cookies, you may prevent our services from functioning as intended. With iOS 14.5, Apple has released a new Privacy setting and recommendations for application developers to prompt the user for consent to “track them across apps and websites owned by other companies”. At this time, LCCU’s understanding is that if a user declines the prompt, Apple will prevent the application from using the identifier for advertisers (IDFA). LCCU does not rely on the IDFA to track the user. However, the application and 3rd party integrations do track user data for security and product improvement purposes.

IV. GENERAL PROVISIONS REGARDING ONLINE SERVICES

A. Enrollment in Online Services

Once you establish membership in the Credit Union, you are eligible to enroll in Online Services. Enrollment in Online Services constitutes your authorization to the Credit Union to provide you electronic access to your linked accounts. Before you can use any of the online services we offer, you must first enroll through our LatinoConnect web-based or Mobile App application. As discussed in Section I.A - Consent to Receive Electronic Disclosures, the enrollment process requires your electronic consent to our E-Sign Agreement.

You agree to comply with any security procedures we establish, including those procedures concerning sign on and creating and maintaining your security credentials. We reserve the right to deny your enrollment in Online Services, and to terminate, suspend or limit your access to Online Services at any time and for any reason, without giving you advance notice, consistent with applicable law.

B. Linked Accounts

Most of your Credit Union accounts may be linked to your Online Services access, including joint as well as individual accounts. Each account linked to your Online Services access will be displayed and accessible on the Account Summary screen without regard to whether anyone else has an ownership interest in any of the accounts. You may also establish a separate Online Services access for most Credit Union accounts (generally, not credit card accounts) on which you are an authorized user for another member.

By enrolling in and using Online Services, you authorize us to make information on your linked accounts, including balance and transaction information, available to you and your authorized users electronically via Online Services. If you want to change the accounts that you can access you can change your preference view in our Online Services applications or call our Member Service Center, using the telephone number in Section IX – Contact Information, to speak with a Credit Union representative about available options.

C. Limitations on Availability of Online Services

Subject to the terms of this Agreement and our scheduled unavailability time, which is described in Section I - Definitions of Terms Used in This Agreement, you will generally be able to access your eligible accounts through Online Services and use any of its

services 7 days a week, 24 hours a day, 365 days per year. During our scheduled unavailability time, however, some or all of Online Services may be unavailable due to system maintenance or upgrades, and Online Services may be unavailable, or its services may be limited, at any time due to circumstances beyond our control. We make no warranties or guarantees as to the availability of Online Services. If you are unable to access Online Services to view your accounts and/or schedule a transfer or payment, and your inability to do so is because of a scheduled or unexpected unavailability, we will not be responsible or liable for any loss or harm you may incur due to a late payment, or for any inconvenience you may experience during periods in which you cannot access Online Services. If you find you cannot access Online Services and you need to initiate an electronic transaction or otherwise need immediate access to your accounts, please call our Virtual Center using the telephone number in Section IX – Contact Information, for further assistance.

D. Account Access Through Online Services: Account Co-Owners, Co-Borrowers, and Authorized Users

Members are encouraged to establish their own individual Online Services access through establishing their own unique security credentials, regardless of whether they hold their Credit Union accounts individually, jointly, or in a combination of both individual and joint ownership. We also recommend that you not give your security credentials to your authorized users, and instead advise them to establish their own Online Services access to your accounts.

If an account accessible through Online Services is owned by more than one person or has one or more authorized users, each owner and/or authorized user with online access to the account may individually provide us with instructions, make any decision, obtain any information, or make any request associated with the account and related online financial services, to the extent allowed by our agreements with you covering the account. Authorized users of Cash accounts or HSA accounts are not permitted to access Online Services.

Except as otherwise provided in this Agreement or required under applicable law, you are responsible, and we will have no liability to you, for any payments, transfers or other transactions performed on any account of yours through Online Services made by your co-owner or other authorized user, even if you, personally, did not authorize or consent to the transactions, if they occur before you have notified us of possible unauthorized use and before we have had a reasonable opportunity to act on that notice.

You acknowledge and agree that each of your co-owners and other authorized users will be acting as your agent and will be bound by this Agreement and any other agreement governing your accounts. You are responsible whenever an authorized user accesses, views or performs transactions on your accounts, and you represent and warrant to us that you have authorized his or her actions.

We may rely on and act upon the instructions of any co-owner or authorized user whom you have designated on your accounts. All transactions an authorized user performs on your accounts online, including those transactions you did not want or intend or that exceeded your authorized user's authority, are transactions authorized by you. You are solely responsible for those transactions, and for supervising all your authorized users and monitoring the actions they take on your accounts. You are also responsible for ensuring each authorized user maintains the confidentiality of his or her own security credentials, or if you have disclosed them, your security credentials, for our online services.

E. Transaction Posting Times and Funds Availability

Our Funds Availability Policy is disclosed in our Account Rules and Regulations under the section titled "When Funds Are Available for Withdrawal." Applicable Online Services provided pursuant to this agreement will generally adhere to the terms of our Funds Availability Policy disclosed in the Account Rules and Regulations, which policy is incorporated here by reference. The "beginning balance," "available balance," "current balance," and "overdraft / funds transfer balance" are displayed online on the Account Detail screen for each of your share/deposit accounts. These balances are defined in the Account Rules and Regulations under the section titled "Account Balance and Posting Order." These various balances displayed for any of your accounts may show the same or a different amount depending on our posting procedures for the different types of transactions and recent transaction activity on your account. The available balance provides the most up-to-date information about funds available to you to pay items from a particular account; however, even your available balance may not reflect every transaction, or the final amount of any transaction, you initiated or authorized.

Transfers you make online between your share/deposit and between members accounts will be reflected immediately in the current balance and available balance fields for both the "transfer-from" and "transfer-to" accounts. Such transfers increase or reduce (as

applicable) the available balance in each account immediately. However, transfers will not actually post to the accounts at that time and will not show in the transaction history for the respective accounts until after end-of-day posting.

Payments you make online to your Credit Union credit accounts (mortgage loans, personal loans, lines of credit and credit card accounts – your “payment-to” accounts) from your deposit and share accounts generally take one business day to post to (or be reflected on) your payment-to accounts; however, these payments are credited to your payment-to accounts effective the business day on which the payments are actually made as long as you initiate the payment during that business day’s business hours. Payments reduce the balance, and are reflected immediately, on your payment-from account.

It is your responsibility to monitor your accounts to ensure that you always have sufficient available funds to cover items you initiate along with any potential resulting charges. By maintaining accurate records of your deposits and withdrawals, you are in the best position to ensure that your account has sufficient funds available to cover each item presented for payment against the account. Keep in mind that the order in which we receive, process and post items to your account can affect whether you have sufficient available funds to cover a particular transaction.

V. DESCRIPTION OF CERTAIN ONLINE SERVICES

A. BillPay

The BillPay service enables you to make both recurring and one-time payments from one or more of your checking accounts.

1. BillPay Terms

- **“BillPay processing date”** means any day other than weekend days and days observed as banking holidays by the Federal Reserve Banks. BillPay processing dates are similar to, but do not exactly coincide with, the Credit Union’s business days.
- **“Payee”** is the party you are paying; the intended recipient of your payment.
- **“Payment account”** means the account that is debited to make your payment. The payment account you select for any particular payment may be any of your checking accounts.
- **“Payment due date”** is the payee’s stated due date for your payment. It is the date your payee has indicated it must receive and post the payment to your account with the payee in order for you to avoid a late payment.
- **“Delivery date/Send date”** is the date you tell us to send your payment. It is the date your payment is processed and sent. If your payment send date is not a BillPay processing date, your payment will be processed and sent on the BillPay processing date prior to the send date. Depending on whether your payee accepts electronic bill payment, we will send it either electronically or via printed check through the mail. The send date is not necessarily the date your payee receives the payment.
- **“Sufficient available funds,” “available funds,” “funds being available,”** or similar phrases refer to the available balance in your account plus any funds available to the account through your participation in our Funds Transfer Service.

2. How BillPay Works

Depending on the particular payee you designate, BillPay payments you schedule will be processed in one of two ways: (a) electronically, or (b) via a printed check that we create and mail to the payee. LCCU reserves the right in its sole discretion to select the method in which to remit funds through BillPay on your behalf to your payee.

Payments Processed Electronically. The Credit Union will attempt to process BillPay payments electronically if your payee accepts payments from us electronically.

When you set up a payment, the first available send date for your payment will automatically appear on the screen next to your payment. You may select this date or a later date as your send date. Once the send date you select arrives and we begin processing the payment, you can no longer change or cancel the payment, however you may attempt to submit a stop payment request. If your payment account has sufficient available funds on the selected send date to cover the electronic payment, the payment amount will be withdrawn from your payment account and the payment will be sent that day. If you have insufficient available funds

in your payment account on the send date to cover the payment, the payment will not be sent that day. If there are insufficient available funds in your payment account to cover the payment at the time of this attempt, the payment will be cancelled, and we will notify you of the cancellation via email. If you wish to issue a new payment after a payment is cancelled for insufficient available funds, you must initiate new payment instructions in BillPay for that payment. If the cancelled payment had been one of a series of recurring payments, we will attempt to send the next and all future payments according to the payment schedule you established.

You are responsible for inputting the desired send date for each payment, and the correct name, address, and account number for each payee. By providing LCCU with payee names and account information, you authorize LCCU to follow the payment instructions it receives. To process payments more efficiently and effectively, LCCU may edit or alter payment data or data formats in accordance with payee directives. You are also responsible for maintaining sufficient available funds in your payment account to cover your payment. We cannot guarantee the date on which your payee will receive or process your payment. In addition, some payees have cutoff times after which they will not credit payments to your account for that day. When scheduling payments, you must select a send date that is no later than the actual due date reflected on your payee statement unless the due date falls on a non-business day. If the actual due date falls on a non-business day, you must select a send date that is at least one (1) business day before the actual due date. Send dates should be prior to any late date or grace period. If we send your payment on the send date you select, **we are not responsible if your payee determines your payment was not received by the payment due date.** If prior payments you sent to a particular payee were not credited to your account with the payee by the payment due date, we recommend that you adjust your send date accordingly.

Payments Made via Printed Check. We may not be able to send electronic payments to some payees. When you make a payment from your checking account that cannot be processed electronically, we will create a printed check and mail it to your payee via U.S. mail. BillPay assigns a 6-digit unique number to the payment so that you can distinguish it from other checks that you write against the payment account.

Payments made through BillPay via printed check are processed differently. Payments made via printed check are mailed on the send date. We are not responsible or liable for any loss you may incur if a check we send arrives late or if, for some other reason, the payee does not post your payment in a timely manner. Please note that checks can be delayed in the mail for a number of reasons and may not reach your payee on time or at all if you provide an incomplete or incorrect payee address. We recommend that you select a send date that is at least 5 to 10 business days earlier than the payee's payment due date to allow sufficient time for your payment to reach your payee. If you notice that a payment you make to a particular payee takes longer than you expected to post to your account with the payee, please adjust your send date to an earlier date to accommodate this delay.

3. Payments Made from Your Checking Account

When we process a payment from your checking account via printed check, we do not verify that there are sufficient available funds in your account before the check is printed, and we do not debit your account at the time we send the check to the payee. However, once the payee receives and negotiates the check, the funds are debited from your account, just as if you wrote the check yourself. Information about the check appears on your monthly statement.

If your payment account has sufficient available funds to cover the check when it is presented for payment, the item will be paid. If there are not sufficient available funds in your payment account to cover the payment, we will return the check as an NSF item when it is presented and charge your payment account our standard NSF fee. **It is your responsibility to verify that funds will be available in your payment account before scheduling any payments from that account.** If you wish to issue a new payment after a payment is returned for insufficient available funds, you must initiate new payment instructions in BillPay for that payment. If the payment was scheduled as a recurring item (such as a monthly car loan payment), BillPay will continue to generate new checks from your payment account on the next and subsequent scheduled send dates.

Please be aware that when a check is returned to the payee as NSF, the payee may re-present the check for payment at a later date.

4. BillPay Fees

There is no fee or service charge for using our BillPay service. We reserve the right to charge BillPay payment fees or other BillPay service fees at any time after giving you notice as required by law or regulation.

5. Prohibited Payments.

There are various types of payments that may be blocked or prohibited by the Service. The BillPay Service may prohibit payments to payees outside of the United States or its territories, as well as tax payments or court ordered payments. Additionally, it is unlawful to use the Bill Pay Service to transfer money to any person or organization listed on the OFAC Specially Designated Nationals list. You agree not to initiate any payments that would violate applicable federal or state law. LCCU reserves the right to block payments submitted via BillPay that do not comply with the foregoing.

B. Remote Deposit Capture

Remote Deposit Capture, which is available only through our Mobile App, allows you to make deposits to your eligible Credit Union accounts from home or other remote location by photographing the fronts and backs of the checks using a camera-ready mobile device and delivering the images and associated deposit information to the Credit Union electronically. Your mobile device must meet our hardware and software specifications, and the camera on your mobile device must meet certain resolution requirements. These requirements and specifications may change from time to time and are detailed elsewhere in this section of the Agreement.

1. Eligibility for Remote Deposit Capture

Members must meet the Credit Union's eligibility requirements in order to use Remote Deposit Capture. Eligibility requirements are based on factors that we establish, and may change from time to time, in our sole discretion. We will notify you on the Remote Deposit Capture screen in our Mobile App if you are ineligible to use the service. You agree that we may suspend or discontinue Remote Deposit Capture or your use of Remote Deposit Capture at any time without prior notice to you.

2. Eligible Accounts

Eligible members may make deposits to their checking accounts, Cash accounts, share accounts, and money market share accounts using Remote Deposit Capture option. The Credit Union reserves the right, in its sole discretion, to change, modify, add or remove any checking or share accounts from Remote Deposit Capture eligibility.

3. Deposit Limits

We may establish limits with respect to the dollar amount and/or number of items you may deposit through Remote Deposit Capture during any established time period, and these limits, which may be set on a daily, weekly, or rolling 30-day basis, may change, in our sole discretion, from time to time. We may not provide advance notice of changes to these limits except as required by law. If you attempt to initiate a deposit in excess of the limits we establish for you, your deposit may not be accepted. If we permit you to make a deposit in excess of your limits, such deposit will still be subject to the terms of this Agreement and will not be considered a waiver of our limits with respect to future deposits.

4. Availability of Funds

In general, if an image of an item you transmit through Remote Deposit Capture is received and accepted before 5:00 p.m. Eastern time on a business day, we consider the deposit to have been made on that date – the “deposit date.” We reserve the right to place a hold on your remote deposit. Funds deposited using Remote Deposit Capture will generally be made available within 1 - 4 business days from the deposit date; however, the Credit Union, in its sole discretion, may make funds available sooner or delay availability for a longer period under certain circumstances. You acknowledge and agree that the availability of funds deposited using Remote Deposit Capture is subject only to the foregoing terms, and that items transmitted using Remote Deposit Capture are not subject to the funds availability requirements of the Federal Reserve Board's Regulation CC (“Regulation CC”) or to our standard Funds Availability Policy for other types of deposits. The daily cut-off time is subject to change by LCCU in its sole discretion and without notice, but subject, in all cases, to the Account Rules and Regulations and applicable law. It is your responsibility to confirm deposited checks have been received and funds are available.

5. Eligible Deposit Items

You agree to scan and deposit only “checks” as that term is defined in Regulation CC. We reserve the right, in our sole discretion, to deny remote deposit of any item that is not considered a “check” as defined by Regulation CC. **You agree that it will be a**

material breach of this Agreement to deposit checks that have been submitted previously through Remote Deposit Capture or through any remote deposit capture service offered by the Credit Union or by any other financial institution. Any breach of this Agreement may result in the termination of your ability to use Mobile Check Deposit and/or Online Services.

You acknowledge and agree that the image of each check you transmit to us will be converted to an IRD ("Image Replacement Document" or "substitute check") for subsequent presentment, and upon conversion it shall be deemed an "item" within the meaning of Articles 3 and 4 of the Uniform Commercial Code.

You also agree that you will not scan and deposit any of the following types of checks or other items, which are considered "ineligible items."

- Checks payable to any person or entity other than the person who owns the account into which each check is being deposited.
- Checks containing an alteration on the front of the check, or checks you know or suspect, or should know or suspect, are fraudulent or otherwise not authorized by the owner of the account on which the check is drawn.
- Checks that are incomplete.
- Checks payable jointly, unless deposited into an account in the name of all the payees.
- Checks drawn on a financial institution located outside of the United States.
- Checks not payable in United States currency.
- "Remotely created checks," as that term is defined in Regulation CC and in Section I - Definitions of Terms Used.
- Post-dated checks, and checks dated more than 6 months before the date of deposit (stale-dated checks).
- Checks with any restrictive endorsement on the back (other than the restrictive endorsement "For Mobile Deposit Only – LCCU," as required by the Credit Union).
- Checks previously converted to a "substitute check," as that term is defined in Regulation CC and in Section I - Definitions of Terms Used in This Agreement, and which have previously been submitted through Remote Deposit Capture or through any remote deposit capture service offered at the Credit Union or any other financial institution.
- Checks that require authorization.
- Checks payable on sight ("sight drafts") or "payable-through-drafts," as these terms are defined in Regulation CC and in Section I - Definitions of Terms Used in This Agreement.
- Travelers checks, money orders, and savings bonds.
- Starter or counter checks.
- Checks on which a stop payment has been issued or checks for which the account on which it is issued has insufficient available funds.
- Checks issued from a closed account.
- Checks drawn on a home equity line of credit, or credit card advance ("convenience") checks.
- Checks or other items prohibited by our procedures relating to our Remote Deposit Capture service, or which are otherwise not acceptable under the terms of your Credit Union account.

The Credit Union reserves the right, in its sole discretion, to determine what items may be considered ineligible items for purposes of depositing them via Remote Deposit Capture.

6. Endorsements and Other Deposit Procedures

For any item you deposit through Remote Deposit Capture, you agree to obtain the signature of the payee(s) on the back of the check and to include the restrictive endorsement "For LCCU Mobile Deposit Only" or to endorse the check as otherwise instructed by us. Checks must be endorsed to comply with these endorsement guidelines, and LCCU may reject any check image or remote deposit if, in its sole discretion, LCCU judges that the original check was not endorsed as required. You also agree to follow any and all other procedures and instructions for the use of Remote Deposit Capture as we may establish from time to time.

7. Our Receipt of Checks and Other Items

We reserve the right, in our discretion, to reject any item you transmit through Remote Deposit Capture without any liability to you. We are not responsible for items we do not receive or that are lost or corrupted during transmission. An image of any item shall be deemed received when you receive confirmation from us that we have received it. Receipt of such confirmation does not necessarily mean, however, that the transmission was free of errors, complete, or will be considered a deposit and credited to your account. We further reserve the right, at any time, to charge back to your account any item that we subsequently determine was not an eligible item or any item that is returned by the paying financial institution for any reason. You agree that we are not liable for any loss, costs, or fees you may incur as a result of our chargeback of an item.

8. Retention and Disposal of Transmitted Items

Once you receive confirmation from us that we received your transmitted check image, you agree to retain and safeguard the check for at least 14 calendar days from the date of the transmission. After 14 calendar days, if you have verified that the funds have been credited to your account, you agree either to destroy the check, mark it as "VOID," or otherwise render it incapable of further transmission, deposit or presentment. During the time you retain possession of the check, you agree to provide the check promptly to us upon request.

9. Presentment of Items

We, in our sole discretion, will determine the manner in which checks deposited through Remote Deposit Capture are cleared, presented for payment, and collected. Such determinations are subject to applicable law and the terms of our Account Rules and Regulations governing your account.

10. Errors in Transmission

By using Remote Deposit Capture, you acknowledge and accept the risk that an item you deposit may be intercepted or misdirected during transmission. We bear no liability to you or others for any intercepted or misdirected items, or information disclosed through such errors.

11. Errors and Discrepancies

In accordance with the terms of our Account Rules and Regulations regarding reviewing your account statement, you agree to notify us immediately of any suspected errors regarding items deposited through Remote Deposit Capture, and in no event later than 60 calendar days after your applicable account statement showing the deposit is made available to you. Unless you notify us within 60 calendar days from the date the statement is made available to you, all deposits made through Remote Deposit Capture included on the statement shall be deemed correct, and you are prohibited from bringing a claim against us for any alleged error regarding such deposits.

12. Image Quality

The image quality of the items you transmit to us using Remote Deposit Capture must be legible and comply with the requirements established and updated from time to time by us, the American National Standards Institute ("ANSI"), the Board of Governors of the Federal Reserve Board, and/or any other applicable regulatory agency, clearinghouse or association.

13. Cooperation with Investigations

You agree to cooperate with us in the investigation of unusual transactions, poor quality transmissions, and resolution of claims, including by providing, upon request and without cost to us, any originals or copies of items deposited through Remote Deposit Capture in your possession and your records relating to such items and transmissions.

14. Fees

We reserve the right to charge you fees for using our Remote Deposit Capture service. If we decide to charge any fees for this service, or change the fees, we will provide any notice of the change as required by law or regulation.

15. User Warranties and Indemnification

You warrant to us the following, and you agree to indemnify and hold us harmless from any loss for your breach of these warranty provisions.

- You will comply with this Agreement and all applicable rules, laws and regulations.
- You will only transfer eligible items that are properly endorsed and meet our image quality standards.
- You will not transmit duplicate items.
- You will not re-deposit or re-present an original item once it has been scanned and sent through this service, or any other remote deposit service, unless we specifically request you to do so.
- You will not store (other than as required under subsection 8 - Retention and Disposal of Transmitted Items of this Remote Deposit Capture section) or make a back-up copy of any item you submit to us through Mobile Check Deposit.
- All the information you provide to us is accurate and true.
- The Credit Union will not sustain a loss because you have deposited an item through Mobile Check Deposit.

Your breach of any of the above warranties may result in our termination of your use of the service.

C. Funds Transfers

The "Make a Transfer" option lets you transfer funds:

- Between your eligible accounts or loans;
- Between your checking accounts and your accounts at other U.S. financial institutions using the "External Transfers" option;
- From your eligible accounts to other eligible members of the Credit Union using the "Member to Member" service; and
- From your eligible accounts for retail members to another person through the service "person-to-person" payments or Zelle (When available and supported) This is not applicable for business accounts
- From your eligible accounts to other accounts at other U.S financial institution or international transfers using the "Send a Wire" option:
 - Domestic. The Credit Union digital wire transfer service, formerly known as Online Wires ("Send Wires"), allows you to send money online to both personal and business accounts in the U.S. When you use Wire Transfers, you can instruct us to transfer funds by wire from your Eligible Funding Account that you use to fund an online wire transfer, with such instruction being an "Order."
 - International. The Credit Union "Secure Forms" allows you to send money online to both personal and business accounts outside of the U.S., through an internal secure message. When you use the "Secure Form" to request an international wire, you can instruct us to transfer funds by wire from your Eligible Funding Account that you use to fund an online wire transfer, with such instruction being an "Order."
 - Terms for Use of Wire Service. All wire transfers, both domestic and international, shall be carried out subject to the terms, requirements, and security and identify verification instructions contained in the Account Rules and Regulations, and such terms are incorporated herein by reference. Please read the wire terms in the Account Rules and Regulations before sending or requesting a wire transfer.

If your LCCU Accounts and/or Service are terminated for any reason, you will have no further right or access to use the Make a Transfer Option Service.

These transfers and payments can be One-time and recurring using your Credit Union accounts linked through Online Services.

1. One-Time Transfers

If you make a one-time transfer between your eligible accounts or to another member of the credit union in LatinoConnect, the funds will be reflected immediately. For all other services provided by the “Make a transfer” option, the posting period may vary depending on the day and time you initiate your transfer, service and ACH clearing house, and the credit unions internal process.

2. Scheduled Transfers

The Funds Transfer service will check the available balance in the “transfer-from” account on the selected date of the recurring transfer.

3. All Transfers

If we do not complete a transfer to or from your account on time or in the correct amount according to our agreement with you, the Credit Union will be liable for your losses or damages; however, there are some exceptions.

For instance, we will not be liable if:

- Through no fault of ours, there are not sufficient funds available to complete the transfer.
- The funds in your “transfer from” account are subject to legal process, such as garnishment or attachment, or the account is subject to a pledge or security agreement.
- Despite reasonable precautions that we have taken, circumstances beyond our control (such as fire, power failure, extreme weather, flood, pandemic or failure of paying agency to deliver Direct Deposit payment data) prevent the transfer.

There may also be other exceptions as set forth in this Agreement or in our Account Rules and Regulations disclosures.

4. Eligibility of Transfer Funds

Members holding an eligible account with the Credit Union are eligible to use the “Make a Transfer” option. By using a particular Make a Transfer service, you represent that you meet all eligibility requirements for such service contained herein or in the Account Rules and Regulations, as applicable.

5. Eligible Accounts and Limits

Eligible Members may initiate transfers to or from their eligible accounts through the “Make a Transfer” option. All transfer capabilities are subject to applicable account terms, and eligibility requirements.

The Credit Union reserves the right, in its sole discretion, to change, modify, add, suspend, or discontinue any aspect of the “Make a Transfer” option at any time, with or without prior notice, as permitted by law.

Such actions may include, but are not limited to, available account types, processing times, or supported transfer methods, and limit adjustments that may occur for reasons including, but not limited to, security considerations, regulatory changes, operational needs, or updates to internal policies.

For business accounts, the change in limits will be based on the discretion of the Credit Union upon reviewing the behavior of the account. Other limits may be set and approved based on the user and the permission set by the Business online administrator Who will be liable for any losses generated by this option.

6. Availability of Funds

Transfers initiated through the “Make a Transfer” feature are subject to the Credit Union’s Funds Availability policies. The availability of transferred funds may vary depending on the type of transfer, the accounts involved, processing times, and applicable regulatory requirements. Certain transfers may not be immediately available for withdrawal or further use

Use of the "Make a Transfer" option constitutes acknowledgment and acceptance of availability of funds, eligibility of accounts, funds transfer and limits conditions and any future modifications made by the Credit Union.

D. E-Statements and Other Documents Delivered Electronically

You may access most documents associated with your accounts linked online, including periodic account statements and year-end tax documents, through Online Services. These documents will generally be presented to you in PDF format, and you will be able to view, print and save them on your computer as PDF files.

You may opt through Online Services to receive your account statements electronically rather than on paper sent to you via mail by electing E-Statements. Once you elect E-Statements, we will no longer send you paper statements in the mail. If you choose to receive electronic statements, you may change this option at any time. In some situations (such as if you request statements in large print or braille) we will not be able to provide your statements electronically and we will need to continue to mail paper statements to you. You acknowledge and agree that you are solely responsible for reviewing all statements, whether provided to you via E-Statements or via paper copy.

Recent periodic statements for your linked accounts and year-end documents (such as IRS 1099 forms) are available online. To request statements and year-end documents that are no longer available electronically, please submit a request for paper documents, either online using the secure Message, by phone by calling our Member Service Center using the number in Section IX – Contact Information, or in person at your local Credit Union branch.

E. Secure Message

You may communicate with us, and we may communicate with you, electronically and securely, through the Online Services Message Center. We will be deemed to have received any message you send through the Message Center by the end of the business day following the date you send it. Your message to the Credit Union is important to us and it will be processed in as timely a manner as possible; however, our full response may take several days depending upon the nature of your message and other incoming messages received.

You acknowledge that we require a reasonable amount of time to act on your message; therefore, **you should not use the Message Center if you need to communicate with us immediately**. For example, if you need to report an unauthorized transaction on one of your accounts, call our Member Service Center, using the information provided in Section IX – Contact Information, or visit your local branch, as soon as possible.

You may not use the Message Center to initiate transactions on your accounts. To initiate transactions, please use the appropriate functions and services within Online Services, call our Member Service Center, using the number provided in Section IX - Contact Information, or visit your local branch for assistance.

Messages sent to and from the Credit Union through the Message Center are our property, and we reserve the right to delete such messages at our sole discretion. We may use the Message Center to send you messages about products and services we offer, and you agree to receive such messages. The Credit Union offers the following different channels that can be used for Secure Messages:

- "Secure Forms" are forms that can be used to send a request to complete a process or maintenance of the account. The secure form will have specific fields to complete. If this form does not contain enough information or detail to proceed, the Credit Union will get more information through a secure message.
- "Chat" is a secure live chat that makes it possible to connect members and non-members perspectives, requests and inquiries with agents in real time. And most importantly, all the information exchange is kept. It is about implementing secure methods and technologies to protect sensitive data "from" and "to" our members.
- "Co-browsing" is a live observation between two remote parties (e.g. visitor and operator in the context of digital customer service). The streaming works in both directions:
 - First, the visitor's session is streamed to the operator, allowing them to see the visitor's view.

- When the operator guides the visitor (e.g. opens a menu for them or fills out a form), the updated visitor's session is streamed back to the visitor.
- Co-Browsing is implemented by a set of JavaScript (JS) libraries that run in the visitor's and operator's browsers and encapsulate the logic for streaming the browser session between the parties.
- The JS libraries rely on standard APIs defined by the W3C for web browsers including HTML, CSS, JS Web APIs, among others.
- During live observation, the operator has an HTML representation of the visitor's session.
- The operator does not receive the visitor cookies or web storage information. Thus, no session data is shared between the visitor and the operator.
- The operator does not run any scripts from the visitor's session.

F. Card controls

Card controls is a security service we offer through the Manage Cards screen of our LatinoConnect Mobile App.³ Through this service, cardholders (and their authorized agents) may, at any time, enable a lock feature to instantly block new card transactions (e.g., non-recurring point-of-sale, mobile wallet and online purchases, and ATM transactions such as withdrawals and fund transfers), initiated either by physical card or card number, from debiting their account. The lock does not affect pre-established transactions, such as recurring debit transactions and installment loan payments, or any incoming credits, refunds, fees, or automatic payments, such as direct deposits. Cardholders are able to deactivate the lock function at any time. For more information on how to use this service, click on the info icon on the Manage Cards screen. LCCU shall not be responsible for any payments made, or not made, as a result of your use of card controls. In addition, Card Controls also provides **Push Provisioning**, which allows Members to add their eligible debit card directly to their preferred Digital Wallet from within the App. Members may also view their **card details**, including card number, expiration date, and security code, through the secure card-detail viewing functionality available in LatinoConnect. These features are made available to enhance convenience, but they must be used responsibly and in accordance with all security recommendations and account terms.

The Member acknowledges and agrees that the Credit Union is not liable for any unauthorized use, transfers, purchases, or wallet-based transactions resulting from the Member's decision to share, store, or otherwise disclose their card information through digital devices or third-party services. The Member is solely responsible for maintaining the confidentiality and security of their device, login credentials, digital wallet, and any card information accessed through the App.

G. Alerts

Our Alerts service allows you to receive various types of electronic alerts in the form of SMS ("short message service") text messages to your text-enabled mobile device.⁴ These alerts include transaction alerts, account-specific alerts, and general notification alerts, as well as free-to-end-user (FTEU) irregular card activity alerts. You must register online to receive transaction, account-specific and general notification alerts, and you may set the parameters for when you prefer to receive these alerts. There is no registration requirement for FTEU irregular card activity alerts, and your enrollment in Online Services automatically enables you to receive them. You may cancel any or all alerts at any time.

You acknowledge and agree that alerts sent via SMS text messaging may not be delivered to you if your mobile device is not in the range of a transmission site, or if sufficient network capacity is not available at a particular time. Even within coverage, factors beyond the control and outside the responsibility of your wireless carrier may interfere with message delivery, and carriers do not guarantee that alerts will be delivered.

1. Alerts You Register to Receive

When you register through Online Services to receive transaction, account-specific and/or general notification alerts, the alerts will come from our telephone number with the Header (**LCCU Alert:**). To register, you must have an active mobile device and you must provide the number that you use to send and receive text messages to and from your mobile device (your "text number").

⁴ You can alternately choose Secure Message rather than text message as the destination for account-specific alerts and general notification alerts; however, you cannot choose multiple destinations for your various alerts.

This number will be validated during the registration process. If you change your text number, you are responsible for updating the number with us through Online Services. You affirm that you are an authorized user on the wireless plan and device you designate to receive the text messages, and you agree that you have given us consent to send text and/or email messages about your accounts to the text number you provide to us.

The Credit Union does not charge any fees for these alerts; however, **message and data rates, as determined by your wireless carrier's rate plan, may apply.** While most major wireless carriers participate in this program, there may be some wireless carriers that do not.

You can unregister for any of these alerts through Online Services as you specify. If you wish to unregister for all SMS text messages to your text number from LCCU Alerts you can log in to LatinoConnect Web or App and go to "Manage Alerts" or call our Member Service Center at the number provided in Section IX – Contact Information. We may from time to time change the methods we offer for registration and cancellation of alerts. Your wireless plan carrier can also require us to stop sending you alerts.

You acknowledge and understand that the information in our alerts is not encrypted. Some of the alerts are not sent in real time, and the information conveyed in an alert may not be current. In addition, and as previously mentioned, sent alerts may not be delivered if your device is not in range of a transmission site, or if sufficient network capacity is not available at a particular time. Even within a coverage area, factors beyond the control of the Credit Union or your wireless carrier may interfere with message delivery, including your mobile device equipment, terrain, proximity to buildings, foliage, and weather. While we make efforts to initiate alerts in a timely manner, we cannot control all external factors necessary for you to receive the alerts. Registering for alerts does not relieve you of your responsibility to otherwise monitor and manage your accounts. You agree, therefore, that we will not be liable to you for any negative consequences you may experience as a result of: non-delivery, delayed delivery, or erroneous delivery of any alert; inaccurate alert content; or your use of or reliance on the contents of any alert for any purposes.

2. Irregular Card Activity Alerts (FTEU)

By enrolling in Online Services and providing us with your text number, you consent to receiving irregular card activity alerts. No registration is required. These alerts are sent to your mobile device automatically when transactions involving your card or card number appear suspicious or otherwise irregular, possibly signaling fraud or identity theft. These alerts are interactive and will require you to reply to the text with a "Yes" to confirm *the transaction was authorized by you (no fraud)*, or a "No" to confirm *the transaction was not authorized by you*.

Because irregular card activity alerts are part of a free-to-end-user (FTEU) program, **no fees are charged to you to receive or respond to the texts, either from the Credit Union or your wireless plan carrier.** Message frequency varies, as alerts are only sent when there is suspicion of fraud. Wireless plan carriers are not liable for delayed or undeliverable messages. FTEU programs are not supported by all wireless carriers, and carrier participation is limited. Therefore, depending on your wireless carrier, you may not be able to receive these alerts.

You have the right to withdraw your consent to receive irregular card activity alerts and to cancel them. To stop receiving these alerts text "STOP" to short code **23618** (for debit card alerts) or to short code **91937** (for credit card alerts)⁵. For other assistance with these alerts, text "HELP." Alternately, you may call our Member Service Center using the number provided in Section IX – Contact Information.

Irregular card activity alerts are an added security service we offer to our members, and we provide no guarantee that this service will detect or prevent all or any fraudulent transaction(s), or that you will receive all sent alerts. You therefore remain responsible for monitoring your accounts and reporting to us any unauthorized activity you detect on your accounts as soon as possible, and for keeping your text number updated in our records.

I. Account Opening and Maintenance

You may open certain types of accounts, apply for loans, and perform a variety of account and card maintenance functions through Online Services. Any account maintenance performed online is binding on you until you revise or reverse your updates using one of the channels provided.

J. Stop Payment Orders

You may place stop payment orders through Online Services on checks and ACH transactions. Stop payment orders are processed or responded to in accordance with the Account Rules and Regulations. See our Account Rules and Regulations for terms, requirements, and more information regarding stop payment orders.

K. Credit Score

If you have an active lending relationship with us, you can view your FICO® credit risk score (your "FICO® Score") via Online Services. The score is created by Fair Isaac Corporation (now legally known as "FICO"), one of the nation's primary credit-scoring companies. Information provided by FICO® does not necessarily reflect the views of the Credit Union, and LCCU retains the right to approve or deny any and all loan applications of the member in accordance with its regular practice, regardless of what your FICO® Score shows through Online Services..

We make your FICO® Score available to you for your own non-commercial, personal review and benefit. Your FICO® Score is not impacted at all by our making the score available to you. The Credit Union and FICO® do not provide "credit repair services" and are not "credit repair organizations" as these terms are defined under federal or state law, including the Credit Repair Organizations Act. FICO® does not provide advice or assistance regarding "rebuilding" or "improving" your credit record, credit history or credit rating.

Changes in your FICO® Score could indicate a problem with your credit report; thus, if you note significant changes in your FICO® Score you may wish to obtain and review a copy of your credit report.

L. Additional Provisions Only Applicable to Small Business Accounts

Introduction

LatinoConnect sets forth the terms for your use of the services available exclusively to business members ("Online Business Services"), described herein.

You understand that the Online Business Services are intended to be used for business purposes only, and not for personal, family or household purposes.

When you apply for, enroll in, activate, download or use any of the Business Services described in this Agreement, as may be amended from time to time, or authorize others to do so on your behalf, you agree to be bound by these terms, as well as any terms and instructions that appear on a screen when enrolling in, activating or accessing the Business Services.

1. User Management

The User Management service allows you to establish individual account access and assign roles to users (including customized access to Bill Pay Transfers and Wires) in LatinoConnect web and app banking.

2. Creating and Managing Users

You may authorize other users and control their scope of activities by designating roles and access to your accounts. You may add additional users to your online banking profile and provide each with a separate Username and password.

Users

You may designate the user as "user" (also sometimes referred to as "sub-user") or "Administrator" (also sometimes referred to as "Responsible Individual").

An Administrator or Responsible Individual in User Management is a designated person from the list of authorized signers that is eligible to enroll in Business Services as the account Administrator, as well as grant levels of access to other users, create additional users, and edit and monitor other users.

A User or sub-user is a person who has been granted a username and password and has been designated access and permissions by the Administrator. The Administrator may also place limits on the types of transactions for each account to which the user is granted access.

Roles

Roles means either Transactional Access, View Access or No Access to all or any of the accounts owned by the business member.

3. Other Terms and Conditions

1. You represent and agree that the Online Business Services will be used only by you or other individuals you authorize to use the Online Business Services on your behalf, and that you will be responsible for ensuring that each individual you authorize to use the Online Business Services complies with the terms and conditions of this Agreement. You further agree that you will be liable for the acts and omissions of any individual authorized by you to use the Online Business Services.
2. You represent and agree that you and any user you authorize will use the Online Business Services only for lawful purposes and in compliance with all applicable rules, laws and regulations, and with our reasonable instructions, rules, and specifications, and will not violate any law of any country or the intellectual property rights of any third party.
3. You represent and agree that you and any user you authorize will not misrepresent your identity or your information, including but not limited to Account Information.
4. You represent and agree that all information you or any user you authorize provide to us in connection with the Online Business Services is accurate, current and complete, and that you or any user you authorize have the right to provide such information to us for the purpose of operating the Online Business Services.
5. Protecting Usernames and Passwords

You agree that we may send emails and other communications, including Usernames and Password confirmations, to the current email address shown in our records, whether or not that email address includes a designation for delivery to the attention of any particular individual. You further agree that LCCU will not be responsible or liable to you in any way if information is intercepted by an unauthorized person that are not authorized signers or Responsible Individuals. You agree to: 1) Create and manage business users that will have access to your account and will keep the Username and Password securely and strictly confidential, providing it only to the persons whom you consider business users for online banking assigned on your account(s); 2) instruct each person to whom you provide a Username and Password that he or she is not to disclose it to any unauthorized person; and 3) immediately notify us and select a new Password if you believe your Password may have become known to an unauthorized person.

Latino Community Credit Union will have no liability to you for any unauthorized payment or transfer made by users managed by you that occurs before you have notified us of possible unauthorized use, and we have had a reasonable opportunity to act on that notice. We may suspend or cancel your online account even without receiving such notice from you, if we suspect your credentials are being used in an unauthorized or fraudulent manner.

You are responsible for all transactions performed by you and any designated user(s), including Administrator(s) or Responsible Individuals, whether you specifically authorize the transactions or not. If you notify us that the person is no longer authorized, then only transactions that person performs after the time you notify us are considered unauthorized.

VI. MISCELLANEOUS

A. Fees and Charges

The Credit Union does not assess a fee for using Online Services to access your accounts or for using most of the services available through Online Services. If we charge a fee for any specific online service used or for any transactions you make, these fees are disclosed in our Fee Schedule disclosure included in our Account Rules and Regulations, or in our applicable loan documents. The Credit Union reserves the right to charge for you for use of Online Services, or to change fees for any transactions you make or services you use, after giving you any notice required by law or regulation.

You understand and acknowledge that other agreements you have with unaffiliated third-party providers may include fees or charges, as well as limitations and restrictions, which might impact or relate to your use of some or all of the services available

through Online Services. For instance, your mobile service carrier or provider may impose data usage fees or charge you for text messages when you receive and send text messages with us. You agree to be solely responsible for all such fees and charges.

B. Member Feedback

We appreciate any feedback from you that will enable us to increase your satisfaction with Online Services. If you have had a difficult experience using any of our online services, or you have suggestions about how to improve them, please send us a message through the Secure Message Center in Online Services, email us at info@latinoccu.org, or contact us as directed online.

C. Your Cancellation or Our Termination of Your Online Services Access

You may cancel your Online Services access at any time by calling our Member Service Center using the number in Section IX – Contact Information, by visiting one of our branch offices, or by messaging us electronically through the Message Center in Online Services. Before cancelling your Online Services access, you are responsible for deleting any pending and/or recurring payments or transfers you have set up through BillPay or Make a Transfer. You should also change your account statements to paper and cancel your registration in any Alerts and Two-Way Text Messaging services for which you previously registered through Online Services. When you cancel your Online Services access, you will no longer be able to access or use any of the services we offer online through Online Access, Mobile Access or our Mobile App, including but not limited to E-Statements, BillPay, Remote Deposit Capture, Make a Transfer, and Alerts services you registered to receive.

We reserve the right, in our sole discretion, to terminate or suspend your access to Online Services, or to any individual online service, without advance notice to you, whenever we deem it necessary or prudent to do so. For instance, we will terminate your access to Online Services if we believe you are using any of the services for any unlawful purposes, or for any purposes that are inconsistent with the terms of this Agreement or any other incorporated agreement between you and the Credit Union.

Specifically, if you withdraw your consent to receive communications from us electronically, which consent you provide during enrollment in Online Services when you agree to the terms of our E-Sign Agreement, we will terminate your Online Services access, including your ability to view, use and/or receive, as applicable, E-Statements, BillPay, Make a Transfer, Secure Message, and Alerts you registered to receive. Pending recurring and onetime BillPay transactions and other pending funds transfers will be cancelled after we have had a reasonable period of time to act after termination. We will not be liable for any harm to you caused by or related to our termination of your access to Online Services or by our cancelling (or not cancelling) any of your pending online transactions.

D. Accuracy of Information

Balances in your accounts may change as we process transactions against your accounts; therefore, account information available online may quickly become outdated. You agree that we will not be liable for any delays or errors in providing or updating your account information in Online Services, or for any action you take in reliance on any such information as provided.

You are responsible for the accuracy of your data entry when accessing accounts and conducting transactions online. We are not liable for errors caused by your misuse or inaccurate data entry, or for any errors caused by automated entry done on your behalf by your device, any system, or any application software.

E. Liability for Loss of Data or Erroneous Data

You will bear the risk or liability of any error or loss of data, information, transactions or other losses that may be due to the failure of your computer systems or that of a third-party communications provider on which you rely. The Credit Union will have no direct or consequential liability to you for any damage or other loss you may incur due to use of your computer or mobile device in connection with accessing and using Online Services.

F. Notices

Any notice we give you concerning your Credit Union accounts and/or any of our online services is effective when we send you a message via our online Message Center, when we mail you a notice to the most recent address we have for you in our records, or when we post the notice on our website, unless a later effective date is specified in the notice. If any of your accounts has more than one owner, notice to one co-owner will be considered notice to all.

We may send you any information required by law or regulation as an electronic message. Such notice will be sufficient notice unless we are legally restricted from providing notice in this way. We may not provide paper copies unless required to do so by law or regulation.

G. Updating Your Personal Information

You agree to notify us promptly of any change in your personal information relevant to your use of Online Services, including your mailing address, physical address, email address, telephone number and mobile device text number. To update your mobile device text number, you must do so through Online Services so the number can be verified.

To update any of your other information, you may notify us by calling our Member Service Center, using the number in Section IX – Contact Information, sending us a message through the Message Center on Online Services, or visiting one of our branch offices.

H. Third-Party Service Providers

You agree that we may use third parties to provide any of the online services we offer to you. If we do use third party service providers, you acknowledge and agree that we may share your personal information with them, on an as-needed basis, in order to provide the requested services and/or process your transactions; however, we will not share your personal information with third parties so that they can market to you. You also agree that if we use third-party service providers, they may rely upon your agreements, representations and warranties in this Agreement, and that such service providers are third-party beneficiaries of such agreements, representations and warranties with the power to enforce those provisions against you, as applicable and as the circumstances or context may require. Such third-party service providers may require that you accept additional terms required by us or our third-party service providers (“Additional Terms”). When you accept any Additional Terms, the Additional Terms will be considered part of this Agreement and will control over these Online Service Terms to the extent of any conflict, but only with respect to the online service to which the Additional Terms relate.

I. Disclaimer of Warranties

We make no express or implied warranties to you concerning Online Services and its features and services including warranties of merchantability, fitness for a particular purpose, or noninfringement, except to the extent required by law. We make no warranty that the services you utilize will meet your requirements or will be uninterrupted, timely, secure, or error-free. We also make no warranty that the results you obtain from the services will be accurate, or that any errors in the service will be corrected.

You understand and agree that your use of Online Services and any of its services is at your sole risk and is provided on an “as is” and “as available” basis. Any material you download or otherwise obtain in connection with your use of Online Services is at your own discretion and risk, and we are not responsible for any damage to your computer or mobile device or for any loss of data that results from the use or download of any such material, whether due to malware such as a computer virus or otherwise.

J. Limitation of Liability

The terms of this Agreement, our Account Rules and Regulations, and applicable loan documentation, which are incorporated herein, set forth our entire liability, and your exclusive remedies, in connection with your use of Online Services. You agree that, unless specifically provided in this Agreement or required by law, we will not be liable for any direct, indirect, special, incidental, consequential, punitive or exemplary damages incurred by you or any third party including but not limited to damages for loss of profits, goodwill, data or other losses resulting from the installation, use, inability to use, or termination of Online Services, even if such damages were reasonably foreseeable and notice was given regarding them. Your sole and exclusive remedy for any failure or nonperformance of Online Services and/or any of its services, functions and features shall be for us to use commercially reasonable efforts to correct the applicable service.

K. Indemnification

To the fullest extent permitted by applicable law, you agree to indemnify, hold harmless and defend the Credit Union, its directors, officers, employees, shareholders, subsidiaries, affiliates, agents, licensors and service providers from and against any and all third-party claims, liability, damages, expenses and/or costs of every kind (including reasonable attorneys’ fees) arising from (i) the use of Online Services by you or any of your account co-owners, co-borrowers and any other individuals who are authorized by you or by law to access your Credit Union accounts online and/or to use your Online Services access, (ii) our reliance on your payment or transfer instructions, (iii) your breach of this Agreement, (iv) the performance or nonperformance of other financial

institutions, (v) your infringement, misuse or misappropriation of any intellectual property, and/or (vi) your fraudulent or unlawful conduct.

L. Governing Law

This Agreement shall be governed by and construed in accordance with the laws of the State of North Carolina and applicable federal law. If any provision of this Agreement is determined to be illegal, unenforceable or invalid, all other provisions of this Agreement shall remain in full force and effect.

M. OFAC Prohibitions

You agree not to attempt to access Online Services from any country under sanctions by the United States Department of Treasury's Office of Foreign Assets Control ("OFAC"). (Information about which countries are under sanctions may be obtained on the U.S. Department of Treasury's website.) Any attempt by you to sign on to Online Services or use any of our online services from one of these countries may result in your access being restricted or blocked.

VII. Applicable Laws / Regulations

You understand that the various agreements, disclosures, and contracts that govern your use of the inquiries, transactions, and other services carried out using the Online Services, including, without limitation, those contained in the Account Rules and Regulations, are hereby incorporated into this Online Services Agreement. Additionally, the Electronic Funds Transfer Act and Regulation E establish your rights and responsibilities under the law regarding certain types of electronic transactions and pre-authorized transfers, and the Truth in Lending Act and Regulation Z establish your rights and responsibilities under the law regarding certain types of electronic transactions that involve loans or credit cards. Through the Account Rules and Regulations or otherwise, LCCU has provided you with the required Regulation E and Regulation Z disclosures. Those disclosures are incorporated as part of this Online Services Agreement.

External funds transfers made through the Online Services are provided subject to the terms of this Agreement, the rules of the National Automated Clearing House Association (NACHA) and the ACH Networks (each as applicable), as well as all applicable law otherwise referenced in this Agreement, including without limitation the Electronic Funds Transfer Act and Regulation E, as applicable. You agree to be bound by all such rules and applicable law as in effect from time to time.

VIII. WAIVER OF CLASS ACTION; ARBITRATION

All disputes arising out of this Online Services Agreement are subject to the current Class Action Waiver and Arbitration clauses contained in the Account Rules and Regulations. Such clauses are incorporated into this Online Services Agreement by reference and, to the fullest extent permitted by law, will govern all disputes arising out of this Online Services Agreement.
